

CPC # 1460518

Do's & Dont's after your Pool's Resurface:

- Don't use any automatic or robotic cleaners for 1 month
- Don't use salt for 30 days
- Don't allow debris to sit on surface
- Don't turn on the pool heater for 1 month
- Don't swim or allow pets in pool for 1 week
- Do brush 2-3 times a day in addition to our visits for the 1st week*
- Do brush once daily for remainder of 30 days* (Very important)
- Do run the pump for 24 hrs for the 1st 3-5 days & then 10 hrs a day for next 2 weeks
- Do enjoy your 'new' pool!

*Focus on walls, steps, bench and corners. This removes plaster dust & prevents streaking and scaling.

Please let us know if you notice anything unusual or have any questions during the start up process @ 239-230-2680. It is our pleasure to work with you and we thank you for your business!
